Cities, County In Disagreement On Sales Tax Plans

East Portion Of County Is Not Represented At County Meet

A reprieve in a plan to inaugurate a county sales tax in Nevada County was virtually granted following a meeting of interested parties in Nevada City last week. However, it is believed that pressure will continue on the board of supervisors to adopt a sales tax ordinance.

Principal supports of the plan are the officials of Grass Valley and Nevada City, the only two incorporated cities in the county. Residents outside the cities are opposed to the tax for the most part on the basis of the proposed division of the money to be collected.

This range of disagreement ranged from 90 percent for the cities and 10 percent to the county to a 50-50 split.

The eastern end of the county was not represented—nor invited—to the meeting.

W. W. Brunker, the county expert was moderator of the session and delegations represented the board of supervisors, the Grass Valley and Nevada City councils, the taxpayers association, the grange and farm buraeu.

Based on last year's business, it was pointed out that the tax would produce roughly: $25,875 inside Nevada City; $93,925 in Grass Valley and $76,525 in the unincorporated area—including Truckee.

Representatives of the cities declared that the people of the county would benefit from the swimming pools, parks, etc., which the cities could build through the sales tax.

Supervisor Jay Coughlin said that his idea was to use the sales tax to reduce the personal property tax of the county. Delegates from the two cities declared they would not go along with this suggestion.

Supervisor H. G. Loehr, who is not on the committee studying the plan, said he was opposed to the tax and would oppose it until a equitable means of division could be arrived at, a point now under study.

D.A. On Drive To Curb Delinquency

In a concerted drive to force delinquent fathers to contribute to the support of their families, District Attorney Harold Berliner announced that during the past three months these contributions, ordered by the court, have doubled.

Fathers who fail to heed the requirements of the court are being jailed.

This week, Lane Farrar, Truckee, was sentenced to serve six months in the county jail for violating a parole stipulation that he contribute to his family. He was sentenced by Judge Dick Montre and immediately started serving his term.

Berliner said that last year it cost the County of Nevada $175,000 to care for deserted children and that delinquent fathers contributed $3600 during the same period.

"We are going to reduce this cost to the county still further," Berliner declared. "We are going to continue to bear down on these people who continue to violate terms prescribed by the court and pass the responsibility on to the taxpayers."

CARD PARTY GIVES WAY TO HUNTING

Mrs. Rex Reid announced that the card party which was to have been held at Naomi Rebekah Lodge No. 2, September 20 has been postponed due to the opening of the hunting season.

The party will be given next month by the local lodge, the date to be decided later.

LOCAL STUDENTS INVITED TO DAVIS

DAVIS—Students from Tahoe-Truckee High School are being invited to the annual Cal Aggie Preview Day on Saturday, October 12, at the University of California, Davis.

This year nearly 1000 students from some 280 high schools and junior colleges are expected to attend this fall open-house on the university northernmost campus, 13 miles west of Sacramento.

Move Is Started Here To Form Dance Class

Mrs. Mary DeLisle is attempting to interest a sufficient number of parents in this community in the formation of a dancing class so that Estra's Dancing School at Reno can make regular trips here to instruct the children.

A number of local children are now taking lessons in Reno from the school, but it is hoped that through the formation of a local class, the teacher can come here. Those interested may call Mrs. DeLisle.

Olympic Officials Off To Sofia With Progress Reports

Representatives of the VIIIth Olympic Winter Games Organizing Committee will recommend the period February 11-22, 1960, inclusive, as dates for the 1960 Winter Games in Squaw Valley when they appear before the International Olympic Committee in Sofia, Bulgaria next week to submit a third progress report.

The delegation to Sofia will consist of Prentis Cobb Hale, president of the organizing committee; Robert D. DiGiorgio, executive vice president; William H Orrick, Jr., legal counsel, and H. D. Thoreau, executive secretary of the California Olympic Commission.

Hale, DiGiorgio and Thoreau left San Francisco Wednesday by plane for Washington, D.C., where Orrick will join them today for conferences with the state department and the department of defense. They will leave New York by plane tomorrow night and will arrive in Sofia Friday to consult with the International Olympic Committee during the succeeding week.

A potential stumbling block to the staging of the games was removed yesterday when the state department announced in Washington, D.C., that Olympic athletes would be permitted to enter the United States from all nations without discrimination.

The state department's position was confirmed by Secretary of State Dulles in a letter to Hale, which he will submit to IOC officials at Sofia. Previously, the IOC had indicated that the games might be taken away from Squaw Valley unless athletes were permitted to compete regardless of the status of diplomatic relations between their countries and the United States.

The commission already has acquired more than 1000 acres of U.S. Forest Service and privately held lands in the valley as the staging area for the Winter Olympics, and is seeking relatively small but important additional acreage through condemnation.

In recommending that the games begin on Thursday, February 11, and conclude on Monday, February 22, the delegation will point out that these dates encompass Lincoln's birthday and Washington's birthday—both national holidays. The proposed schedule would include opening day ceremonies, 10 days of actual Olympic competition, and closing day ceremonies.

The progress report to the IOC will also deal with athletes' transportation arrangements, ticket sales, housing, and the programming of a wide range of competive events.

MRS. EDITH RIORDAN EXPIRES AT CAPITAL

Local friends of Mrs. Edith Riordan were saddened by the unexpected news of her death at Sacramento last Friday, following a recent operation.

Funeral services were held at Sacramento on Monday, with cremation following.

She was the daughter of the late Herman and Ida Miller, and granddaughter of the late William Maxwell, an early-day Southern Pacific employe.

Mrs. Riordan was the widow of Bartholomew, SP roundhouse foreman in Colfax and Truckee for many years. Her husband, who died three years ago, had been with the railroad half a century.

The couple lived in Colfax and Truckee 40 years. She returned to Sacramento about a year after his death.

Michelle Harris Feted At Birthday Party

Friday the 13th was a lucky day for Michelle, daughter of Mr. and Mrs. Roy (Sport) Harris who celebrated her birthdate on that date. Her parents entertained at a party, complete with games and refreshments to which the following classmates were invited; Jennifer O'Bear, Susan Schuyler, Kathy Hart, Diane Daly, Michael Davis, Pamela Harmon, and Barry Waters.

BROTHERS VISIT

E. C. Towler, Jr., and his brother, Noel, of Los Angeles spent several days this week looking up former schoolmates and other local friends.

The young men are employed with the Pacific Telephone and Douglas Aircraft companies.

Gov. Goodwin J. Knight and Mrs. Knight and party spent the weekend at Sunnyside, Lake Tahoe.

Dispute Seen As Beach Ownership At Lake Probed

Burden Of Proof Will Be On Occupants, D.A. Believes

AUBURN—District Attorney Al B. Broyer has recommended to the board of supervisors the controversial public beach problem at Lake Tahoe be brought to a head by the county blocking off the beaches and marking them by the county and marking them public property.

"Survey the beaches, stake them, put in iron posts and string cables between the posts. Then put up big signs saying, 'This Is Public Property'," Broyer told the board.

Supervisors say the public beach problem is the result of private landowners along the lake front blocking off portions of public land, marking them private and planting lawns, erecting barbecue pits, building houses and otherwise appropriating public property for their own use.

The problem was brought to the board's attention last week by the North Tahoe Community Club, Inc.

Building Ban

Supervisors at that time agreed to investigate the matter and ordered a ban on the issuance of building permits for the lake front areas in the Woodmere or Woodvista, Tahoe No. 2 and Carnelian Bay subdivisions.

District Attorney Broyer told the board the county could either take his suggestion as to handling the problem or file suit against the individual property owners.

"However, the first way is the best," Broyer said. "That way it's up to the property owner to prove he owns the beach. Put the burden of proof on him."

SCHOOL HANDBOOK PROVES VALUABLE TO ALL CONCERNED

A handbook for parents and students has been prepared under the direction of Principal William Sciutto for distribution to the parents in the Tahoe-Truckee Unified School District.

The book, an innovation in the local district, contains a vast amount of information for both parent and student including a school calendar, minimum days, registration, counseling, graduation requirements, lunch program, student affairs, work permt regulations, whom to see, library information, fire drills, physical education, dances, sports, student smoking and scores of other vital facts pertaining to the school.

A complete roster of the certificated as well non-certificated personal, bus schedules and courses offered are also included in the informative booklet of 23 pages and attractive cover.

As a matter of fact, the book contains all the necessary pertinent information which will answer all questions concerning the high school.

NEW TEACHERS WILL BE HONORED HERE

A reception for the new teachers of the Tahoe-Truckee High School will be given in the edifice at 8 o'clock this evening, September 19 during the initial meeting of the fall season, Elmer L. Brown, president of the organization, announced this week.

All parents and others interested are asked to attend the affair.

TED BARRETT HURT IN AUTO ACCIDENT

Ted D. Barrett, 53, Kings Beach, was treated at the Tahoe Forest Hospital last Thursday evening after the vehicle he was driving half a mile east of Tahoe Vista, was struck by one operated by Paul G. Sanchez of San Jose. Sanchez was cited by the California Highway Patrol for speeding.

BOOK DISCUSSION GROUP WILL MEET

The fourth Wednesday meeting of the Great Books Discussion Group will be held September 25 at 8 p.m. in the Community Center Library at the high school. Mr. and Mrs. Victor McLane will lead a discussion of Descartes' "Discourse on Method." Copies of this assignment, one of the shortest of the year, may be checked from the library.

SUNBEAMS

By WALTER M. BARRETT

Saturday the shooting starts and with the shooting comes a new hazard in the forests. It is estimated that the number of deer hunters will break records and there will be scores in the woods who have never hunted before. These inexperienced people could cause considerable trouble and it will be wise for everyone to be especially watchful at all times, shooting only when their target is clearly definable and the background is clearly visible. An accidental shot hurts just as bad as one fired intentionally. It is far better to go home empty handed than take a chance on shooting a fellow-hunter. There are laws governing the use of firearms, such as carrying loaded rifles in cars, etc. but wardens can't be with every hunter or act as baby sitters, so it's up to the hunters themselves to be alert and careful. If everyone is, there will not be any casualties this season.

* * *

Another item to watch is the fire hazard. The light rain this week did much to minimize the danger, but it certainly didn't eliminate it entirely and campers and hunters are again warned that the fire control is still effective and that violators will not only cause trouble but will be vigorously prosecuted if apprehended. Care with fires and firearms is urged.

Last Rites Held For Mrs. Pomin

Funeral services were held at the Truckee Colonial Mortuary Sunday afternoon for Mrs. Northrup Alathea Pomin, 74, a pioneer Tahoe resident, who expired Friday morning after a brief illness. The impressive rites were conducted by Layreader Herman Rauh of Sacramento and cremation followed.

Mrs. Pomin was a native of New York, born January 24, 1883. She came to Truckee in 1901 with her mother and step-father, the late Mr. and Mrs. Frank Felter. It was in that same year that she met and married Ernest H. Pomin, son of a pioneer Lake Tahoe family.

Shortly after their marriage they built the Pomin home which still stands facing the lake. The deceased spent her entire life at Tahoe and had a legion of friends.

Mrs. Pomin was always active in social and civic affairs of the community and was one of the charter members of the Women's Club of Tahoe, organized in 1927.

Besides her husband, Ernest, the deceased leaves four children, Harry M. Pomin and Mrs. Nellie A. Boge, both of San Francisco, and Stanley F. Pomin of Reno and Robert M. Pomin of Tahoe City. There are 10 grandchildren and five great-children.

Sincere sympathy from the entire community is extended the bereaved family.

DONNER DANCERS TO HOST SIERRA GROUP

The Donner Dancers will be hosts Sunday, September 22, for the Sierra Nevada Folk Dance Council's quarterly meeting and workship session. Council president, Tom Zeme, announced that several round and folk dances will be taught in the workshop scheduled for 1 p.m. in the Veterans Memorial Building. The council membership is made up of 16 dance clubs in northeastern California and northwestern Nevada.

The local group will hold their regular dance tomorrow evening in the veterans building.

Allan and Joyce West, Soda were guests at last week's potluck supper and dance. Millie Schumacher, Myrtle and Ireda Harris, Truckee, visited the dance.

Observe Date—

A group of friends met at Smart's Saturday evening to help Mr. and Mrs. Cliff Ellis celebrate their wedding date. The pleasant event concluded with dancing.

Tollefsons Tour—

Mr. and Mrs. C. A. Tollefson returned Saturday from a three weeks trip through Idaho, Washington and Oregon where they visited relatives.

Truckee Leads In Travel Entering State In August

Local Station Top Despite Construction Work On Highway

Despite the construction work along U.S. Highway 40, a substantial increase in the number of vehicles entering the state through Truckee was noted during August as compared to the previous month of July and was 7699 cars over August, 1956.

As a matter of fact, it is believed that a new all-time record was established with the 87,544 cars, 4159 trucks and 895 buses which were checked at the local quarantine station. In August of 1956 there were 79,843 cars checked there.

The total number of passengers on the vehicles was 287,074, the monthly report from the department of agriculture shows.

An increase was shown also at Meyers Station on Highway 50 where last month 34,123 cars, 367 trucks and 67 buses, carrying 94,-167 passengers were checked. This marked an increase of 958 cars over August of 1956.

For the first time, Truckee ranked highest among the state's 18 border checking stations for traffic entering California, exceeding Yermo by nearly 2000 cars.

D.A. Prepares New Speed Boat Charge

District Attorney Harold Berliner announced yesterday that he is preparing a new complaint charging violation of the harbors and navigation code by Ben Davis, prominent San Francisco clothing manufacturer, Mrs. Davis and Roy Stallard, a former Truckee resident.

The new complaint, Berliner explained, replaces one previously prepared, charging that the speed boat owned by Davis and operated during the months of July and August of this year by the three defendants, passed within the legal 200-foot distance of a pier.

Mrs. Roy Teel of Donner Lake is the complaining witness and charges that although she placed a warning marker near the Teel pier, the Davis boat persisted in coming too close and endangered persons on the pier and beach.

Berliner said he would prosecute the case thoroughly and would seek to make the shores of Donner absolutely safe for pleasure seekers.

SKI TOW OPERATORS TO HOST WRITERS

Members of the Ski Tow and Lift Operators of northern California and Nevada were hosts at a luncheon for the press at the Sir Francis Drake Hotel in San Francisco yesterday. The luncheon followed a meeting of the operators and the luncheon was featured by a talk by Earl Bachman of the U.S. Forest Service who discussed the rapidly growing winter sports industry.

Chris Kuraisa of Heavenly Valley is president of the association and will preside at the luncheon meeting.

THREE CHILDREN BORN AT HOSPITAL

Two boys and a girl were born at Tahoe Forest Hospital recently to swell the population of the area.

Michael Walter was welcomed by his parents, Mr. and Mrs. Beverly Eugene Brooks on September 7, weighing an ounce less than seven pounds on arrival.

Mr. and Mrs. David Bettencourt of Tahoe Vista and Santa Cruz became the parents of Michael David on September 14. He weighed 7 pounds, 12 ounces.

Bernadette Ann, daughter of Mr. and Mrs. Bernard Barrett of Tahoe City, was born September 18 and weighed 9 pounds, 4 ounces when she arrived.

Mrs. Buddle Returns—

Mrs. Robert Buddle of Sacramento attended the Truckee Chapter No. 116, Order of the Eastern Star Tuesday evening and visited other friends here, returning to her home today.

Windsats South—

Mr. and Mrs. Chris Windsat who have been staying at Kings Beach are returning to winter at Cathedral City.

PATRONIZE LOCAL STORES

Floriston Objects To Access Plan For New Highway

Residents of Floriston, and particularly those with children in the local schools, are considerably preturbed over the design for the new four-lane freeway in their vicinity and are asking the state division of highways to make changes.

The residents are appealing to the state to redesign the present plan which, they charge, will create an unnecessary hazard and hardship for the 28 children required to attend schools by bus.

Mrs. Katherine Ayala, who is a member of the protesting committee pointed out that the children now are required to walk nearly a mile to catch the bus, crossing two unguarded railroad crossings and a foot bridge over the Truckee River in inclement weather. They are forced to leave home at 7:45 a.m. and do not return until 4:25, making it an extremely long day for children.

Mrs. Alaya said that under present plans these conditions will not be eliminated, and that the trip to the bus will be extended by another half mile. No provision, she said being made for the bus to turn at Floriston and it must continue on to Farad to the first interchange.

The children, if present plans are not changed, will be required to walk under the freeway to get to the right side of the road and thus be subject to added dangers from falling objects from above.

No provision has been made, Mrs. Ayala said, for an access road into Floriston and thus the problem of snow removal, delivery services and auto travel will be greatly handicapped, unless steps are taken to provide this facility.

A committee planned this week to contact District Engineer Alan S. Hart to see if the condition can be corrected before work on the four lanes is concluded.

District School Superintendent John S. Corbin told members of the governing board at the last meeting that he is objecting to the proposed method of interchange being planned for the new highway at Floriston. He is asking, he told the board, for a widening of the existing county bridge so that the bus can go into Floriston and pick up the children or some alternate plan to make it possible for the buses to turn so they are not required to make the additional four mile trip to Farad to pick up the 28 children.

Queen Contest To End September 28

Those wishing to vote for their favorite queen for the free buck stew sponsored by the Truckee Outdoor Sportsmen have until noon Saturday, September 28 to do so.

Vice President Charles Osburn today announced that the ballots will be taken up at that time and the queen announced at the affair Sunday afternoon, September 29.

While there is no way to definitely determine how the race is coming, Osburn said that interest in the contest is shown by the ticket sales throughout the area. Miss Anita Diaz is the Truckee queen candidate while Miss Rosalee Christenson is the Gateway and Meadow Park district aspirant and Miss Joyce Slate represents the Donner area.

Osburn said that preparations are well under way for the event which promises to attract more attention than ever this year. It will be held at Capitol Hall starting at 1 p.m. and continuing throughout the afternoon. There will be ample stew for more than 500 and everyone is welcome to participate.

USE PERMITS ARE GIVEN AT DONNER

NEVADA CITY—Three use permits under the temporary zoning enabling ordinance for the eastern section of Nevada County were granted Tuesday evening by the county planning commission.

First of these was to Jack Melugin for business and living quarters in the Donner Pines Extension Tract at Donner Lake. The second was to Val Galleron for erection of a duplex on Donner Pines at Donner Lake and the third was to William Kraft to park a trailer at the rear of the Union Oil station near the state inspection station on Highway 40 out of Truckee.

Donald Matson, son of Mrs. Roy Waters is stationed in the vicinity of Japan with the U.S. Navy.

Two Die, Others Injured In Road Accidents In Area

Passing Truck Is Blamed For Tragic Accident Near Truckee

Two men were killed and three other persons were seriously injured in a head-on crash between a car and a Intermountain Truck Lines truck between the Truckee River bridge and the Flycasters Club, five miles east of here last night at 8:30 o'clock.

The dead are:

Walter Daniel Wilhelm, 50, of Pittsburg, driver of the car.

Lawrence G. Henry, 72, Bethel Island.

In the Tahoe Forest Hospital with serious injuries are Bruce Powell ,54, Bethel Island; Patricia Lake, 40, Pittsburg and Hazel Wilhelm, Pittsburg.

The accident occurred ,according to Sergeant Frank Snyder of the California Highway Patrol, as the truck, operated by Raymond Newell Riddle, 27, West Gordan, Utah, attempted to pass another truck going in the same direction and the trailer of the Riddle vehicle struck the Wilhelm car. The latter plunged off the highway and all occupants were thrown out.

The investigation is continuing but Sergeant Snyder said the truck driver would be cited. Patrolmen William Gautsche, Carroll Maynard and Bud McCallen made the investigation. The injured were taken to the hospital by Truckee ambulance and the dead were removed to the Truckee Colonial Mortuary.

Four Are Hurt

Four young Truckee people were injured, none seriously in a collision between cars driven by Elmore Lee Taylor, 27, Truckee, and William L. Nutty, a division of highways engineer from Marysville, near Floriston.

Injured were Taylor, Hope Garcia, 27, Rome Gonzales, 22 and Benny Garcia, 10, all of Truckee and occupants of the Taylor car. They were taken to the Tahoe Forest Hospital for treatment.

Sgt. Frank Snyder of the California Highway Patrol said Nutty was cited for being on the wrong side of th highway and that further investigation is pending.

Truck Burns

In another accident in the area during the past week, a P.I.E. tank truck and trailer and the cargo of oil were destroyed completely half a mile west of the Nevada state line at 1:30 a.m. Monday.

The driver, Harry Gates of Reno was not injured. He told the highway patrol that he swerved to the right to avoid on-coming traffic and his truck struck a rock and got out of control. The vehicle caught fire and the driver leaped to safety. He was cited for speeding.

An operator of a bulldozer employed on the highway construction in the area, pushed the flaming debris into a neat pile and prevented the fire from spreading.

The Truckee Volunteer Fire Departments auxiliary truck went to the scene, manned by Rolland Gautsche and Tom Dolley and for two hours played water on the wreckage to prevent the fire from spreading.

MRS. WILSON GETS BROKER LICENSE

Mrs. Fosten Wilson yesterday received the good news that she had successfully passed the required state examination and is now a full-fledged insurance broker. For the past few years Mrs. Wilson has been associated with her husband in the insurance business here, but has been classified only as a salesman.

Hellers To Gateway

Mr. and Mrs. Charles R. Heller of Heller's Variety, this week announced they have purchased the Amon Close home in Gateway Park, formerly owned by Mr. and Mrs. John Gracik. The Hellers, who have been occupying an apartment near their variety store on the main street, plan to move into their new dwelling on October 1. Close, a division of highway foreman, was recently transferred and the family will reside in Marysville.

Returns Home—

Father Leo McAllister, assistant pastor of the Catholic churches in this area, has returned home after a vacation of three months in his native Ireland.

St. Claires Return—

Mr. and Mrs. Anthony St. Claire who have been at Roy, Idaho, wrote that they are coming to their home at Donner Lake.

Dolleys Here—

Mr. and Mrs. Fred Dolley of Santa Cruz have been visiting here with their son and daughter-in-law, Mr. and Mrs. N. F. Dolley.

Marriage License—

Louie Ramirez, 21, and Nadine Moore, 19, both of Truckee were issued a license to marry at Reno.

Marriage License—

Joseph Marillac, 36, of Tahoe City and Margaret Futch, 24, of Los Angeles, were issued a marriage license at Reno.

RESOLUTION No. 57-147

RESOLUTION OF INTENTION TO FORM AIRPORT DISTRICT AND NOTICE OF PUBLIC HEARING

BE IT RESOLVED AND IT IS HEREBY RESOLVED by the Board of Supervisors of the County of Placer, State of California, as follows:

1. That the Board of Supervisors of the County of Placer does hereby declare its intention to form an airport district under and in accordance with the provisions of the California Airport District Act as incorporated into the Public Utility Code of the State of California, Section 22001, et seq.
2. That the boundaries of said airport district hereby proposed to be formed are hereby designated as being identical with the boundaries of the Tahoe-Truckee Unified School District situated in the Counties of Nevada and Placer.
3. That the name of said proposed airport district shall be the Truckee-Tahoe Airport District.
4. That Monday, the 14th of October, 1957, at 3 o'clock P.M., at the chambers of the Board of Supervisors, Courthouse, Auburn, California are hereby fixed as the time and place for hearing objections by the Board of Supervisors to the formation of said airport district or to its extent.
5. That written protests or objections to the formation of the said district or to its extent within the County of Placer may be filed in the office of the Clerk of the Board of Supervisors of the County of Placer on the second floor of the Courthouse, Auburn, California, at any time prior to the hour hereinabove fixed for the hearing.
6. That this resolution be published once, at least 20 days before the date hereinabove fixed for the hearing, in the Placer Herald and the Sierra Sun, newspapers of general circulation in the counties of Placer and Nevada.

The foregoing Resolution was duly passed by the Placer County Board of Supervisors at a regular meeting thereof on the 10th day of September, 1957, by the following vote on roll call:

AYES SUPERVISORS: Boyington, J. O. Anderson, Paoli, L. L. Anderson and Paolini.
NOES SUPERVISORS: None.
ABSENT SUPERVISORS: None.

Signed and approved by me after its passage this 10th day of September, 1957.

J. B. PAOLINI,
Chairman, Placer County Board of Supervisors.

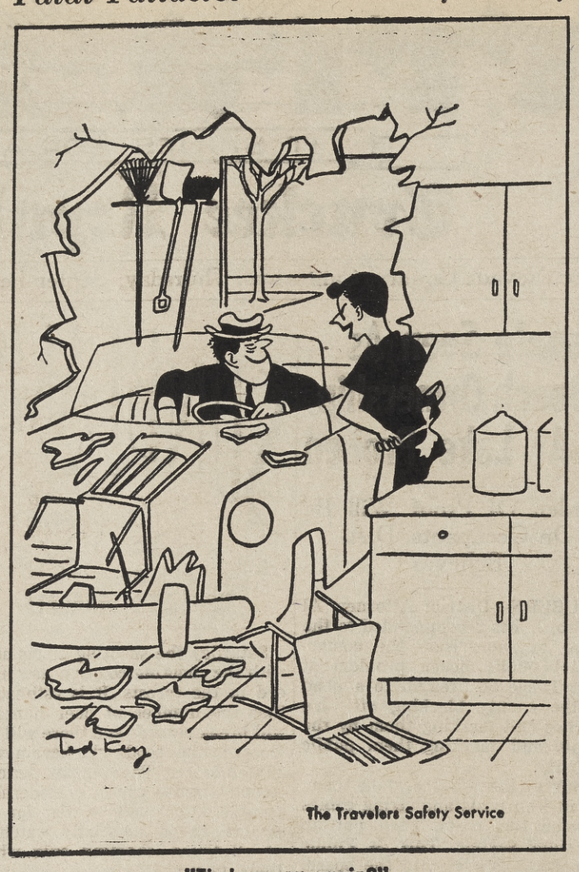
Fatal Fallacies by Ted Key



"Tied one on again?"

JUDY LOYND SAVES BOOKS IN LIBRARY

Two days before workshop, when all the school faculties were to meet to launch the new school year, 504 textbooks were neatly stacked in the library waiting to be repaired. Eight days later a record enrollment of students would appear calling for textbooks. What to do was the question.

Miss Judy Loynd, a graduate of '56, had worked as a student assistant in the library during her junior year. Again, in the summer of 1956, she had worked for the library. Roy Baker, the librarian, recalling the careful thoroughness of her work, called her to the rescue. Two hours later she was on the job. At the end of the week, Friday before the opening of school, 496 books had been repaired and made available for issue.

Had these books remained in their damaged state and been replaced with new ones it would have cost the district and state $1500 or more. At the rate of Judy's production the district was out less than 8½ cents a book—plus the cost of materials. At an average of five books each, 9 students received serviceable textbooks that otherwise would have had to wait.

Judy enjoys working in the library and, among other professions, has considered librarianship as a career. While home for Christmas, from San Francisco State College, she recalled the 1001 things that need to be done during the summer months and contacted the library offering her assistance. The summer was nearly over when the call came but she readily accepted.

The first East-West football game was held December 25, 1894 in San Francisco between Stanford University and the University of Chicago.

* * *

Mr. and Mrs. George Mortimer of Tahoe Park will be leaving early in October for the winter. But this year they will not worry about the stormy weather as they will rent a little apartment in Hawaii for the entire inclement season and bask upon the warm sands under the swaying palms. Some folks do have all the luck!

* * *

Mr. and Mrs. Jack Dunne of Jack and Dinty's lost no time in hieing them to Sacramento on Saturday night. For daughter, Mrs. Roland Yerkes of that city had just presented them with their first grandson. The little lad was born in Arcade Hospital in North Sacramento and is the first boy to arrive in either side of the family for several generations. Details were neglected by Grandpa Dunne who was so thrilled he forgot to ask.

* * *

Mrs. Frank Daft was taken to Tahoe Forest Hospital by her neighbor on Sunday night when she was taken ill at her home in Pineland. Latest reports stated she was resting and would have to remain for several days while tests were made to determine the trouble.

* * *

Mrs. Bud Scott leaves for her home in Piedmont on Thursday with her sons, Skip and Nip. Mr. Scott will follow later. The Scotts, who have wintered for several years at Carmel, this fall move into the lovely old four-room Eschen home on Oakland avenue, Piedmont, they purchased recently.

* * *

Matt Green of Sacramento, the grand old pioneer of Tahoe, who with his good wife attended the funeral services of Mrs. Ernest H. Pomin on last Sunday, will observe his 85th birthday on Monday. He appears in excellent health and spirits and we wish him many more to come.

The Greens on Sunday met again by accident their friends of many years, Mr. and Mrs. Louise Russ of Marysville who also came to Truckee. Both couples were married on the same Christmas day in 1910 and have been close friends ever since.

* * *

Pat Dempsey, younger brother of Lincoln Dempsey of Lake Forest, is back from service with the navy and is making his home for the present wth his brother and family.

* * *

Mrs. Bill Bechdolt received a pleasant surprise on September 10 when she learned her sister, Pat, Mrs. Victor Marsh of Sacramento, and her hubby were the proud parents of another little son, their third. The young man has been named Daniel.

* * *

Father Leo McAllister announced at the Corpus Christi Chapel on Sunday that the adult class for confirmation starts on Tuesday, September 17, and will be held regularly at the Truckee Parish Hall every Tuesday and Thursday evenings from 9 to 9 p.m. until October 13 at which time the entire class, juniors and adults, will be confirmed in Truckee.

* * *

A birthday party and cocktail hour was enjoyed on Saturday evening at the Jones home in Tahoe City, the occasion honoring the natal day of Mrs. Major "Billie" Jones. Guests who joined in the fun included Mr. and Mrs. George Selkirk, Mr. and Mrs. George Day, Mrs. Frank Daft, Mrs. George Mead, Mrs. Jeannette Mitchell, Mr. and Mrs. Howard Miller of Coos Bay, Ore., and the Harry McIntyres of Crystal Bay who joined the dinner party later in the evening.

* * *

Dr. Stuart Dingwall of the Truckee River closed his veterinary hospital after a most successful season and left for his home in La Jolla on Thursday.

We offer orchids this week to C. E. (Butch) Beavers, owner of the Sierra Tree Service, who recently gave his time and equipment and his men's labor, to cut down a large number of trees at the entrance of Tahoe City's little cemetery, "Trail's End." By removing the trees it is now possible for cars, and the larger hearse, to negotiate the circular road leading down to the plot with greater ease.

On Sunday Volunteer Caretaker Constable Harry Johanson reported that the new retaining wall, two feet high, has been completed at the entrance end of the cemetery, and he has finished the new granite walkway through the plot, greatly improving its appearance. The Women's Club of Tahoe provided the funds for the project making it possible ot hire Craftsman Marshall Ruhkala for the task. The community is indebted to them all.

* * *

Reno is claiming a number of Tahoe City families this winter. Among them is the Jay Shontz clan who have purchased a lovely new home on West Plum Lane. They will take along their new acquisitions to the family — a pair of horses. They plan to return regularly throughout the winter season to their Tahoe Cty home on weekends.

Mr. and Mrs. George Boyle and children, Denise, James, Lori and Cathy of Family Drive in town are another family who will shake the snow of Tahoe from their feet this winter as they too have bought a home in Reno in Elmcrest Heights, northwest of the University of Nevada. George is already working there as a carpenter foreman. They plan to rent or sell their Tahoe house.

* * *

TIMELY TIPS

by MRS. MARIE HENRY

If your area is stricken with an emergecy experts will help you within a matter of hours. Prepare now to take care of yourself and family in the meantime. If home resources fall, don't lose your head but do the best you can to eat and drink sensibly and protect your health until civil defense services can reach you.

NEW TRUCK SPEED ZONE ON SUMMIT

Establishment of reduced downhill speed limits for trucks on eight mountain highways, including Donner grade, has been announced by the state department of public works.

The speed reductions are the first to be made under a law enacted by the 1957 legislature in an effort to reduce the danger of runaway trucks on long downhill stretches.

Grades on Highways 99, 101 and 40 are included in the speed zoning changes and in the case of Donner grade the speed limit has been reduced from permitted state limit of 45 miles an hour to 20 miles an hour for a distance of approximately three miles down the grade.

The new low also affects the Glen Alder grade between Colfax and Gold Run where the limit will also be 20 miles per hour for west bound trucks. The new zoning will become effective with the posting of signs.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT, Truckee, California, at the office of the clerk of said district at the TAHOE-TRUCKEE UNIFIED HIGH SCHOOL, until eight o'clock p.m., October 1, 1957, at which place and time bids will be opened, for the purchase of one school bus with the capacity of 79 High or Elementary school passengers in accordance with the specifications on file at the office of the Superintendent.

All bids shall be on proposal forms provided for that purpose by the school district. One bid proposal form shall be used for each separate bus offered.

A certified or cashiers check, or a bid bond in the amount of not less than 10% of the highest bid submitted shall accompany each bid.

The above bus shall meet all requirements of the State of California in every respect as set forth by the State Department of Education and the California Highway Patrol, spare tire excepted.

The Board of Trustees reserves the right to reject any or all bids, to waive any irregularities, and to be the sole judge of the suitability of equipment offered.

By order of the Board of Trustees,
TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT,
JACK C. FELTE, Clerk.

ALLEN-A INSULAIRE*

NAVY'S AMAZING NEW ARCTIC FABRIC NOW IN ALLEN-A INSULAIRE* UNDERWEAR

(THERMAL UNDERWEAR)

*TRADEMARKS

PERFECT COMFORT FOR EVERYONE WHO WORKS OR PLAYS IN CHILLING TEMPERATURES

The Navy needed a wonder-fabric—warm enough for far-below-zero weather, yet unusually absorbent so it could be worn indoors or in mild weather without sweltering. And 100% laundry-foolproof.

Here's the fabric they developed—in well-made shirts and drawers especially designed for active men and women. Now you can shed extra layers of bulky, heavy outer clothing

—dress lighter, have more freedom.

This new fabric is made of down-soft cotton (doesn't itch), knitted in unique 3-dimension pattern. Traps body-heat in thousands of tiny "pockets" for perfect insulation.

Rigorously tested for warmth in arctic conditions. Can be machine-washed, tumble-dried. These garments won't shrink out of size or stretch out of shape.

STRICTLY STRICKLAND

By Bill Strickland

Have some ski news to report. After 10 years of directing the ski school at the Sugar Bowl, Bill Klein will devote all of his time to operating his ski shop. Bill's successors is Luigi Foeger. One thing must be said. The Sugar Bowl has certainly had thetop names as their directors. First Hannes Schroll, probably just the best ever. Then Bill, who has proven his capabilities for the past 10 years; and now Luigi, who after 15 years as directing Yosemite's very famous school, now brings his teaching prowess to our Mountain Top. You'll go a long way to find three better directors.

* * *

A vacation is being enjoyed by Fran Couillard of Donner Summit Lodge. After two years of hard work of literally pulling D.S.L. up by its bootstraps, she has certainly earned it. It's the kind of vacation everyone would like to take, but seldom do. Walk away and forget about business. No forwarding address, no phone calls. Don't bother me until I get back. That's the way to take 'em for sure. Have fun, Fran.

* * *

Wonderful turn-out at the Donner Community Club picnic over the weekend. Over 100 in attendance. Rudy Talso of the Sierra Club turned out one of the most fabulous barbecues on record. The get-together served to introduce the new teachers to the Mountain Top residents. Mr. Seward will replace Bob Bailey in teaching the third through sixth grade. Mrs. Reid replaces Jeanne Kessey in teaching kindergarten, first and second grade.

* * *

Trip into the back country makes you realize that winter is not too far away. Just the massiveness of the country makes it worth while. But, when you can see nature's handiwork in re-coloring the landscape in fall hues, it is a beautiful sight, indeed.

* * *

Darling, we are growing older that's a quote you seem to hear quite often these days, but it was really brought home by the mailman one day last week. An announcement of an impending wedding of one of the Mountain's favorite young ladies. A young lady, who, it seems only yesterday, was starting to school when the classrooms were located just south of the S.P. sheds below Kiski Lodge. Time flies though. She has now finished two years of junior college and will finish her education along with her husband at San Jose State. Our very sincere congratulations and best wishes for joy and happiness to Marles Rau.

NEW STATE FARM AUTO POLICY 44 EXTRA-PROTECTION FEATURES!

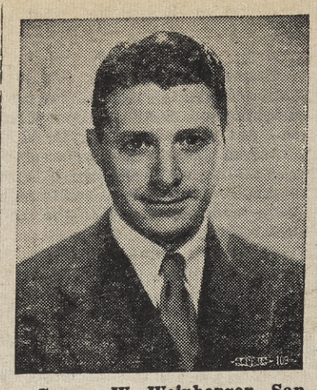
BUILDS A BETTER COMMUNITY

CHAMBER OF COMMERCE

TRUCKEE



Caspar W. Weinberger, San Francisco Assemblyman, today announced his intention to run for the office of State Attorney General. Weinberger has served three terms in the state legislature and is a well known attorney.

Among his many legislative activities as chairman of the Joint Assembly—Senate Committee on Alcoholic Beverage Control, he led a statewide investigation of liquor laws which brought about the passage of the 1954 constitutional amendment reorganizing California alcoholic beverage control.

WEINBERGER WILL SEEK ATTORNEY JOB

SAN FRANCISCO—San Francisco Assemblyman Caspar W. Weinberger today announced he would be a candidate for the office of state attorney general at the primary election next June.

In making his announcement, Weinberger said: "The service I have been fortunate to have had in the legislature has given me a deep and abiding interest in California's state government and in California's future, and a desire to do everything possible to help California meet the enormous challenges raised by our explosive population growth. The next few years will be the most important era in all California's history."

A well known attorney, Weinberger was selected as the most able member of the state legislature at the end of the 1955 session in a poll taken of all newspaper correspondents who covered the legislative session.

Weinberger served four years in the army in World War II, entering as a private in the infantry in 1941 He was discharged as a captain in 1945. His service included three years with the 41st infantry division in the Pacific and on General MacArthur's intelligence staff.

Before entering private law practice, he was law clerk to United States Circuit Judge William E. Orr. He has been in private practice since 1947 with the law firm of Heller, Ehrman, White and McAuliffe. He is a graduate of the Harvard Law School.

Weinberger is 40 married and has a daughter, 14 and a son, 10.

He is a member of the American Legion, Veterans of Foreign Wars, a director of the San Francisco Heart Association and of the Harvard Club of San Francisco, and a member of the San Francisco Press and Union League Club.

FIRE GROUPS WORK OUT NEW PROGRAM

KINGS BEACH—The commissioners of the North Tahoe Fire Protection District have been meeting with the directors of the North Tahoe Fire Control Corporation to work out a program for taking over the assets and liabiilties from the corporation. At present they are trying to negotiate a loan from the Bank of America to have funds to do this.

The North Tahoe Fire Control Corporation, in order to have a place to house their fire equipment, have entered into a contract with the U. S. Forest Department to furnish an apartment for their forest ranger in the fire department building which has been erected on the forestry department's property. It was suggested by Assistant District Attorney Robert Thurn that this part of the program be carried out on a lease-contract basis between the corporation and the district and at such time as the building is paid for it will be turned over to the district without additional cost.

No tax money will be available for the district's use until December 1958 so it will be necessary to secure funds for operating the district through a loan as there are certain obligations that have to be assured before the North Tahoe Fire Control Corporation feel they can turn any part of their equipment over to the district.

The outstanding indebtedness of the corporation at the present time is $7,109.25 plus their current expense for operation.

National forests under the administration of the forest service include more than 180 million acres of land.

TRUCKEE COMMUNITY METHODIST CHURCH

Pastor Aubrey H. Clark was welcomed back last Sunday to continue his stay for the month of September. He will be living in the Slate Motel at Donner Lake, room No. 7, and can be contacted either by the motel phone, Luther 7-3736, or by the church phone, Luther 7-3637.

You are welcome to all services at the church.

The church school for all ages, meets at 9:30.

The morning worship is held at 11.

The Methodist Youth Fellowship at 6:30 p.m.

Choir practice, Wednesday at 7:30 p.m.

Commission meetings, Thursday at 7:30 p.m.

However, this week, Thursday, September 19, the commission on missions will present a special feature when Mrs. Trask will show her pictures, and tell of her trip to Greece.

Directly following this another very important meeting of the exploratory committee, and the W.S.C.S. concerning plans for a parsonage.

WHEN IN RENO VISIT THE CORAL REEF

NEWS NOTES FROM TAHOE

By Naomi McLane

Tahoe City, Box, 711. Juniper 3-3187

Saddened

Our whole community is saddened by the death of Mrs. Ernest H. Pomin. A new and growing area must inevitably lose its pioneers. We just wish it were not so.

Raining

Rain today. It's very gentle but has a sort of settled business—like air as if it means to stay for a while. Certainly the forest seems grateful.

Rotary Club

Rotary President Warren Porter presided over two meetings of Rotary at which Robert C. Hall of Marysville and governor of District 519 spoke. Hall was making his official visit to the Tahoe City Club and met at the Tuesday luncheon meeting with 24 members and three visitors. Twenty-eight members attended the evening meeting in the Community Hall and participated in the roundtable discussion of activities of the club.

In Hospital

Mrs. Al Lungren of Lake Forest spent several days this week in the hospital with the flu.

Starts School

With all the other activities of the Ivan Wilson family—see elsewhere in the Sierra Sun for the details of Carol Wilson's wedding—Doug managed to get started at Sacramento State this last week. Carol was married in Sacramento on the 16th wedding anniversary of her aunt and uncle, Mr. and Mrs. Ed Wilson. The Ed Wilsons with friends from Auburn, Mr. and Mrs. Hartlett, went camping at Pyramid Lake and points north in Nevada for a long weekend. Virginia also is looking forward to a visit from her sister of Villa Grove, Ill., this week. She was to have met them Wednesday. It will be the first Tahoe visit for Mr. and Mrs. Kenneth Richmond.

Women's Club Busy

The Women's Club of Tahoe is doing a splendid job of keeping up and improving our little cemetery. Marshall Ruhkala has been building a retaining wall and steps at the entrance. The women are certainly to be commended for this community service.

Mrs. Don Snyder, president of the Women's Club, announces a special board meeting at her home, Tuesday night, September 24 at 8 o'clock.

Crowd At Supper

Sunday morning services are continuing at the Outdoor Chapel at 11 a.m. The get-together potluck supper Thursday brought a good crowd in spite of the thunder shower. A permanent committee was elected consisting of Charles Beardsley, chairman; Mrs. Gerald Waters, secretary; Wendell Russell, treasurer; and Mrs. Bob Jorgensen, Mr. and Mrs. Jack Starratt, Mrs. Charles Hendrikson, Mrs. Jay Shontz and Mr. and Mrs. William J. Cannon, N. R. Mayfield and Fred Kilner are members of the building committee. It is definitely planned that all winter services will be held.

PTA To Meet

PTA will meet the last Thursday of the month, September 26 at 2:30, according to Mrs. Ollie Hendrikson, president. All mothers are urged to attend and certainly all new mothers should know they are most welcome. This meeting will be held at the school. There will be child care for small children arranged.

Books Club

The Great Books discussion group has started again but it is not too late to join. In fact it is never too late. Mainly you just want to have read the assignment so that you can put your two million dollars worth into the talk!

HAL WELCH, *Your Host*

TnT Tidings

by NANCY WATTS

Well, well, here we are back again at our little old schoolhouse, TnT. Most of us groan at the thought of leaving summer swimming and sun, but actually, it isn't so bad after you settle down again.

* * *

A rally was held on the morning of the game with Yerington. There were tryouts for vacancies in the cheerleader ranks and the yells came near to raising the roof. "TREM" certainly deserves his name!

* * *

Our first football game of the season was played Friday, September 13, at Yerington. Buses left from Donner Lake, Truckee and Lake Tahoe. Although we lost the game, a lot of spirit was shown and quite a few people attended. Among them were some of the Class of '57. It was wonderful to see them again; they have been missed at Tahoe-Truckee.

Our cheerleaders and songleaders did a wonderful job with their first game. As several of the cheerleaders elected last year had moved, more elections were held Friday at noon to acquire new ones. Pat Gunkel and Barbara Nelson came out victors. Joyce Hallett was selected by the Student Council to be head varsity cheerleader; Judy Collins now leads the Jay Vee cheerleaders.

* * *

The first Student Council meeting of this year was held on Thursday, September 12. Berger Nelson, president of the student body, presided. Many things were discussed, among them football season tickets, rooters' buses, individual pictures, and student body cards.

* * *

Individual pictures were taken of all the students on Wednesday, September 11, during physical education classes. The prints will be here in about three weeks.

* * *

Student body cards are being sold for temporary use until the permanent cards and pictures arrive. The price is $3 and they will be replaced as soon as possible. The student store is the place to buy, so hurry, hurry! You save 50 to 75 percent at all games and school functions. Ownership of a card is also a prerequisite to holding a student body office and participating in student affairs.

* * *

Mr. Price has ordered 17 brand new uniforms for the also new marching band. They are expected to arrive within the next five weeks. The band and choir plan on taking separate trips to the University of California at Berkeley for music festivals. The band will go on November 9, and the choir will leave on November 16, the next weekend. Good luck and have fun!

Hurseys Move

J. O. Hursey wrote last week that he and Mrs. Hursey have left Fallon, Nev., for Phoenix, Ariz., where they expect to spend the winter months. The latter will teach school at their new location and he is under the care of the doctor at present. The couple are well known at Lake Tahoe where they formerly lived.

The next meeting will be at the high school library in Truckee with the following, and alternating meetings at Tahoe Lake School. Phone Roy Baker at the high school if you have any questions about the group but do know that anyone interested is most welcome.

To New Home

Mr. and Mrs. Bill Keehn and their four children have moved into their new house on Grove street. Keehn is with the telephone company. Barbara, Mike and Chris have started school. Three years old this week, Charlene stays at home.

Completes Training

FORT CHAFFEE, Ark. (AHTNC)—Army Pvt. John A. Sleppy, 23, is scheduled to complete eight weeks of basic combat training September 20 under the Reserve Forces Act program at Fort Chaffee, Ark. Sleppy is the son of Mr. and Mrs. Robert Sleppy, Kings Beach, Calif.

OIL CONTRACT

The Tidewater Oil Company was the low bidder for furnishing fuel oil to the schools of the district during the 1957-58 school year and the school board at its last meeting entered into an agreement for the service.

How we gear telephone service to protect your family in emergencies. To guard essential phone services against emergencies of all kinds, telephone people plan ahead continually. Here are some of the things we're doing: We're completing alternate communications routes around key cities. And most main cables are now underground. They could withstand a terrific battering. Phone buildings are widely scattered and built extra strong. They are among the sturdiest standing. But were a vital link knocked out, we have plans ready for quickly restoring essential services. And within the company we've set up alternates for key jobs. We test these precautions often. As needs change, we change with them. For we want to be sure communications vital to your safety are ready if they're needed.

Working together to serve you better ....

TEMPTING FATE?

Oddly enough, a good many folks do. Accidents, illness, financial reverses—these things happen only to others. (Or so it seems.)

But for the thoughtful, farseeing family that wants to insure its future, Bank of America's Trust Department offers a wide variety of excellent services.

Booklets describing the benefits of Custody Accounts, Wills, Small and Large Trusts, Investment Management and Executor Services are available free of charge at our Bank of America branch. *Insure a safe financial future now!*

HAUNTED BY EMPTY PIGGY-BANKS?

Everyone knows what a great worry-chaser a savings account can be, but saving consistently (which is the best way to save successfully) is often a problem. So, why not let Bank of America do your saving for you?

Your authorization is all it takes to put Bank of America's *Automatic Savings Plan* into operation.

Then, each month, B of A will transfer a specified amount from your checking to your savings account. You designate the time of the month and the amount to be transferred; make your regular checking deposits, and the plan will continue as long as you wish. There's no charge, and remember—you receive a tidy 3% interest on all savings!

B of A Quiz Corner

DID YOU KNOW there is no minimum balance required with a B of A Tenplan checking account? The balance need only cover the checks you write, and Tenplan costs just $1.50 for each book of ten checks.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Making Visit

Wilma Abbott left last week for Sumner ,Wash., to spend about a week with her daughter and son-in-law.

Sunday Visit

A delightful Sunday afternoon was spent at the home of Francis and Isbel Tarsak of the Totem Pole Lodge in Tahoe Vista where Isabel served delightful refreshments, after a cocktail hour. Al and Pauline Broyer were also there. Have you seen the Totem Pole outside? It's cute.

A Get-Together

Oh boy, oh boy, what a party it was last Saturday afternoon when Lee and Gladys Wilcox were hosts at their home, the Glad-Lee Lodge, in Kings Beach, to a large gathering of friends who were actually members and wives of the West Sacramento Rotary Club. After a delightful cocktail hour a buffet was served during which many a tall tale was told, this was a preliminary to the banquet at the Crystal Bay Club where the clubs met in the annual affair, and the seventh that my wife and I have had the pleasure of being guests of Lee and Gladys. Those attending the afternoon buffet were Ray Cato, president of the West Sacramenot Rotary Club and Louise, his wife, Lee and Gladys Wilcox, Howard and Helen Reamer, Eric and Jennie Hughes, Cy and Maud Brown, Joe and Renee Holmes, Babe and Virginia Slater, Gunner and Margaret Gramatky, Norman and Dorothy McPhail, Jim and Marguerte Cummings, Francis and Art Hanjian, Arthur and Edith Turner, Stilman and Ede Wells, Jim and Belle Newmach, Con and Virginia Conners, Harry and Agnes Todd, guests of Lee and Gladys. Earl Nelson of the Brockway was also present.

Nice Trip

Now I hear that Susie Sorensen and Shirley Wagner left last weekend for Long Beach, just for a few days for now that is. Grandma has little Gregory with her and does she love it.

Europe Bound

Eddie and Mrs. Moore together with Loma Sorensen and their son, John, have left for New York. John is on one of the most important journeys of his life, as he leaves for England on October 4, as a Rhodes scholar and will, of course, attend Oxford University. A great honor indeed and anybody more deserving of it would be hard to name. It will be a leisurely trip to the East where they will see most of the points of interest. After the sailing Loma will fly back to Berkeley where she will attend the University of California.

Welcome Visitors

Lots of visitors were up during the past weekend. Surprised to see Bill and Camey Ahltof from Sacramento where Bill is employed. Al B. Broyer and his good wife were up for a few days from Auburn where Al is the district attorney of Placer County. Frank R. Kuntz paid a visit and attended the West Sacramento Rotary dinner at the Crystal Bay Club last Saturday. Of course Mrs. Kuntz was there too from Kansas City.

LIVE BETTER... Electrically

LIVE BETTER ELECTRICALLY

Best Servant a Woman Could Ask for (and the Best Bargain, Too!)

Your magic servant—electricity—is on the job night and day. Never complains about long hours, never asks for a day off.

And it can do just about anything. Helps you cook, wash clothes or dishes . . . gives you plenty of hot water . . . does dozens of other jobs.

No other form of energy today does so many things as well as electricity. And to top it all, electricity works for the lowest wages you can imagine—thanks to our low rates.

Go all-electric, and get the full benefit of our "step-down" rates. You'll save time, work and money with all-electric service!

Tahoe Items

Summer residents of the lake are rapidly returning to their homes in other vicinities. Among those are Mr. and Mrs. Milton Levy and Miss Carol Levy, going ot San Francisco; Mrs. Jody Maher and Miss Beatrice Maher, leaving Meeks Bay for Palm Springs.

Tahoe Cityites, the Willard Powners went to Santa Barbara; the Albert Lang address changed to Rio Linda; Mr. and Mrs. John Huber to Marysville; the Clark Burnham family returning to Piedmont.

Mrs. William Reinhardt of Brockway wrote that she will soon be at her Pasadena place.

The Howard Vaughn address has been changed from Johnsdale to Kings Beach. The Vaughans are former residents of the area and are again welcomed by their friends.

LAKE LEVEL

TAHOE CITY—A light, penetrating rain was falling at Tahoe City yesterday. The level of the lake stood at 6228.03 feet with 479 csf of water leaving the gates. In the isolated storm last Friday, the area received .33 of an inch of rain. Temperatures have ranged from a low of 37 to a high of 71.

California ratified the 13th amendment to the United States Constitution, outlawing slavery, December 20, 1865.

Henry Sams, now of Chico, former principal of the Kings Beach school, was a visitor having attended the teacher's convention at the Brockway Hotel. Had a nice visit with Ray Cato, formerly of the California Highway Patrol and well known as chief for 17 years before that chief of detectives of Los Angees County.

On A Trip

Don and Nell Barkhurst are on a visit to Sacramento where they will visit our friends who had lived at Kings Beach, the Tom and Wilma Lucases. We sure miss those folks. Tom was formerly owner of the Brockway Theater in Kings Beach.

In South

Nell and Don Barkhurst with Roy and Nellie Porath will visit Hacienda Hotel, Fresno, for a few days. Roy and Nellie will then go to Disneyland and other parts of Southern California and should be gone for about 10 days. Former Kings Beachite Don Bowman is chief engineer at the Hacienda.

For Uncle Sam

Well, it had to come I guess. Our young hero, Davey (Charrison David) Ashton to be correct, has been called into the navy, and left for Treasure Island last Monday morning, not particularly happy, but willing and ready to do his bit for Uncle Sam. We feel it will be a wonderful adventure for him, but we shall miss him tremendously, you may be sure. Good luck, Davey, boy.

Lions Meet

Members of the Lake Tahoe Lions Club journeyed to the South End of the lake to attend a dinner dance at the Veterans' Hall at Tahoe Valley. Over a hundred Lions and their ladies attended, and reported a wonderful time that kept up to the wee hours of the morning.

Court

Robert Moyer of Tahoe City and Roger Clarence Gerard of Homewood, both arrested on a drunk charge, paid bail of $50 each and were released.

Jack Martin, Tahoe City, received 15 days after pleading guilty to a drunk charge.

Richard Proctor Doyle paid $47 on a speeding and making a bad pass charge.

Popular Visitors

Delighted to see Art and Mrs. Linkletter at Crystal Bay last Saturday night. A swell couple. They were staying at the Henry J. Kaiser home, and I understand our popular governor, Goodwin J. Knight, was too.

CAPITOL NEWS SERVICE

SACRAMENTO — Why kill off surplus deer and other wildlife to fit the range when it's possible to increase the carrying capacity of the range through improvement programs to support larger populations?

This is the question asked by Thomas H. Richards, Jr., Sacramento, a member of California's Fish and Game Commission.

Richards, whose family is in the cattle business in Nevada County, has long been an advocate of improving range through controlled burning and opening up brush to permit more foraging by deer. He points out studies in Lake County have shown that by reducing chaparral ground coverage from 64.5 per cent to 35.2 per cent, the managed "scrubland" produced three times as many pounds of field-dressed meat per square mile.

"Part of this increase is attributable to increased body weights by age-class," Richards said, "but the major increase resulted from the greater population in the managed area. Deer density in December was 25 deer per square mile of chaparral and 60 in 'scrubland.'"

Richards said his family conducted a burning program on their property, beginning with a fire over 2,700 acres in 1947. Following the fire, he said many more springs and seeps carried water through the entire year and the deer killed were much healthier, averaging from 25 to 50 pounds heavier.

However, Richards is quick to point out there in more to the program than just setting a match to the brushland. Soil conditions must be studied and the costs of reseeding considered. Then, when deer numbers begin to multiply, proper harvesting of the animals must take place.

Left to their own devices, the deer soon would overpopulate the improved range and deplete it to a condition worse than it was in the first place.

Richards' proposal is tied in with a program of withdrawing federal land to provide new wildlife range. Once the land has been withdrawn, the problem will be to convince property owners they should permit access routes to run through their lands.

"We'll have to convince property owners and cattle and livestock people that we will patrol all access routes and see that their properties and improvements are not destroyed nor abused by the sportsmen," Richards said.

Coming from a member of the five-man fish and game commission, Richards' statements and proposals are refreshing, welcome and likely to run into opposition from Seth Gordon, fish and game director. In the past, Gordon has paid lip service to methods of improving range carrying capacities.

However, while mouthing such promises, Gordon has proceeded on the other route—the program of reducing deer numbers to fit the depleted range. In general terms, Gordon told legislative committees considering a general license increase that range improvements definitely would be a part of the program, if the new money was forthcoming.

The time may be at hand, though when Gordon and his crew will realize that the fish and game atmosphere has changed. Richards, himself, is one of the elements of change. Because Richards had not gone along with all of Gordon's policies and because he was appointed after the 1956 massacre-hunt, he has not been blamed for past mistakes of the commission and department.

A further shake-up in commission membership ,at least as far as Andy Kelly, commission president, is concerned, it's not impossible that Richards' sound proposal will receive the attention and action it deserves.

NEW SUBDIVISIONS AT SQUAW APPROVED

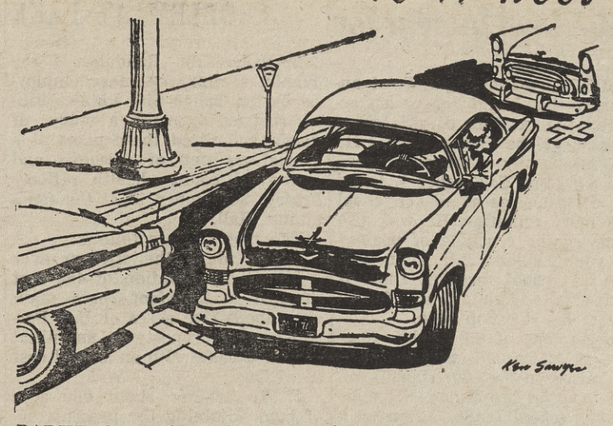
AUBURN — A request by the Olympic Organizing Committee for a ban on all new subdivisions in Squaw Valley was bypassed by the board of supervisors as it approved two subdivisions for Wayne and Gladys Poulsen during a stormy two-hour session.

The ban was asked by Alan Bartholemy, executive director of the Olympic committee, in a letter to the board last month. He said the subdivision denial would be needed to allow time for explanation of road problems.

Bartholemy was scheduled to attend the subdivision hearing Tuesday but Supervisor Chairman J. B. Paolini reported he could not be present.

Sheep were not native to the American continent.

Women At The Wheel



PARKING—A phase of motoring that proves particularly difficult for women is parking. Two general rules that will facilitate getting in and out of limited areas, suggests the California State Automobile Association, are: 1) Back into a space rather than "nose" into it, and 2) Leave enough space in front so that if you get hemmed in from the rear you will still be able to get out with a minimum effort.

NEVADA COUNTY HAS 10,179 VEHICLE TOTAL

SACRAMENTO (CNS) — The state department of motor vehicles reported it licensed a total of 6,998,805 motor vehicles in California during the year ended June 30.

In Nevada County the department reported it licensed 7342 automobiles; 1974 trucks; 827 trailers and 36 motorcycles; for a total of 10,179 vehicles.

RESOLUTION

WHEREAS, the TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT, a body corporate and politic of the Counties of Placer and Nevada, State of California, is the owner in fee of the hereinafter described real property; and

WHEREAS, the people of the State of California, acting by and through the Department of Public Works, Division of Highways, require the hereinafter described property for State highway purposes;

WHEREAS, said State of California has presented a Grant Deed and Right of Way Contract in triplicate, which Deed and Right of Way Contract have been submitted and read to the Board of Trustees of the TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT, a body corporate and politic of the Counties of Placer and Nevada, State of California, prior to the passing of this Resolution;

NOW, THEREFORE, BE IT RESOLVED by a two-thirds vote of all of the members of the Board of Trustees of said TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT, a body corporate and politic of the Counties of Placer and Nevada, State of California, assembled in regular open meeting held on August 29, 1957 that in consideration of $24,160.00 and other considerations as contained in the aforementioned Contract, it is the District's intention to dedicate in fee, to the State of California, for State highway purposes, all that real property situate in the County of Nevada, State of California, more particularly described as follows:

Lots 2, 3, 4, 5, 6, 7, 8, 9, 11, 12, and 13, in Block "P" of McGlashan's Addition to the Town of Truckee, according to the map thereof made by W. W. Waggoner and filed in the office of the Recorder of Nevada County on July 11, 1900.

BE IT FURTHER RESOLVED that a public meeting of said Board of Trustees shall be held at the TAHOE TRUCKEE HIGH SCHOOL, in Truckee, California, on October 1, 1957 at 8:00 P.M., of said day, for a public hearing upon the question of making the dedication;

BE IT FURTHER RESOLVED that the Secretary of said Board of Trustees is hereby empowered and directed to give notice of the adoption of this resolution and of the time and place of holding the meeting by posting copies hereof in three (3) public places in the District not less than ten (10) days before the date of the meeting, and by publishing the notice once, not less than five (5) days before the date of the meeting in the Sierra Sun, a newspaper of general circulation in said School District.

IN WITNESS WHEREOF, this Resolution is signed by the following members of the Board of Trustees, comprising at least two-thirds of all members thereof, this 29th day of August, 1957.

OLD TIME RESIDENT OF TAHOE EXPIRES

TAHOE CITY—Word was received here this week of the death of Frank Boyer, 92, resident of the Tahoe Park area for many years. He died in an Oakland hospital on September 11, and leaves no known relatives.

The elderly caretaker was employed since 1940 at the H. C. Bradbury estate here, the family wintering in San Leandro.

Boyer was born in Minnesota and educated for a schoolmaster but never engaged in his chosen profession as he moved west while still a young man and became instead a "cowpuncher." In 1937 his wanderings brought him to Reno and he was hired as caretaker at the Tahoe Park summer home of Harry Bond, then manager of the Bank Club.

His employer, Mrs. H. C. Bradbury, now widowed, wrote friends here that his body was cremated and would be transferred to the little cemetery, "Trail's End," here at the Sierra community he loved so well, and so long. He leaves a host of friends who respected and admired him through the years as a good neighbor, a man of integrity and gentleness.

Luggi Foeger Will Be Bowl Instructor

NORDEN—The Sugar Bowl announces that Luggi Foeger has accepted the position of ski school director at the Sugar Bowl. He and his family established residence here on September 1. Luggi will be in charge of all ski school and sport activities. He will also supervise the coaching of promising young skiers. Bill Klein, former ski school director, finds it necessary to give all his future time to his ski shop here.

Foeger, one of the world's foremost ski personalities, was born and raised in the Austrian Tyrol. He joined the late Hannes Schneider's ski school in St. Anton as a youngster, where he learned all the rudiments of ski school and Alpine skiing in this world famous school. Schneider, the dean of modern ski teaching, soon saw Luggi's outstanding talent and appointed him to the job of first instructor, which position he held for 11 years. In this capacity Luggi helped develop and run the most famous ski school of all time.

During the Austrian - German turmoil Hannes and Luggi came to this country. Luggi joined the Yosemite Ski School as its director. During the war he served in the 10th Mountain Division mainly supervising the army's rock climbing school. Afterwards he taught for three years at Gray Rocks in the Canadian Laurentians, and then returned to Yosemite. His 15 years of activity there have made him known to thousands of skiers in this country and in South America where he also taught a few summers.

Luggi is interested in junior skiers and no doubt many of the promising young skiers in this area will benefit greatly by his vast teaching and coaching experience.

Miss Carol Wilson, Wed s In Sacramento Ceremony

TAHOE CITY — Carol Wilson and James Silverman exchanged their marriage vows at 3 o'clock Saturday, September 7 in the chapel of the First Methodist Church of Sacramento. The Rev. Ralph Panzer officiated. After a short honeymoon in Carmel and San Francisco the young couple will make their home in the latter city where Silverman is attending dental college and Carol will finish her last year of schooling at San Francisco State College.

Both young people are former students of Sacramento Junior College where they met.

Ivan Wilson of Lake Forest and Tahoe Pines gave away his daughter and her brother, Douglas Wilson was one of the ushers. Gerrie Silverman, sister of the groom, acted as maid-of-honor, and an old friend, Thomas Laurie, was best man. Douglas Pierce was another usher.

The bride wore white net of ballarina length and had her veil caught up by a coronet. Her mother, Mrs. Ivan Wilson, was dressed in a yellow flowered nylon with whtie accessories. Mrs. Sigmund Silverman, the groom's mother, wore a pink satin brocade. Gerrie Silverman, the maid-of-honor, wore blue.

A reception followed the weding ceremony on the patio of the Silverman home in Sacramento.

PHILIP LADD WEDS AT MOUNTAIN VIEW

Mr. and Mrs. Donald Sites and son, Donald, attended the wedding of their nephew, Pihilip Ladd, who claimed as his bride, Miss Shirley Mantelli on August 18 in St. Simon's Catholic Church at Mountain View.

Mrs. Sites greeted guests at the reception and her son acted as an usher in the church.

Mrs. Ladd wore her grandmother's wedding gown, first worn in Italy and made in France.

The bride is a graduate of the University of Oregon, a member of the Delta Delta Delta sorority.

The benedict made many friends while he lived here with Mr. and Mrs. Sites and graduated from the Truckee High School. He is attending the University of Oregon where he will receive a degree in architecture.

They will establish their home at Eugene, Ore.

THREE PLANS GIVEN TO CORRECT SEWER PROBLEM AT LAKE

TAHOE CITY—Randolph H. DeWante, sanitary engineer employed by the Tahoe City Public Utility District to make a study of needs, submitted three plans at a special meeting of directors and state and county health officers Friday, September 13 at the Communty Hall.

The plans are as follows:

1. To pump the effluent over a hill at an elevation of 450 feet through a 2250-foot force main onto about five acres of U.S. Forest Service property at an initial cost of $15,000 with an annual cost of $3320.

2. To acquire about one acre of land adjoining the present disposal ground at a first cost of $6500 with an annual cost of $970.

3. To lease or buy five acres of federal land across the Truckee River from the treatment plant at an estimated initial cost of $4500 with an annual cost of $1220.

DeWanter recommended the latter plan if the land may be acquired because of several advantages. The greatest advantage is that gravity flow would not require standby power as do plans 1 and 2. The engineers recommended plan 1 only as a last resort because of power costs.

The public health officials attending the meeting agreed to do all they could to aid the district in acquiring the federal land. John T. Leggett, executive officer of the State Water Pollution Control Board; Morgan Stuart, state sanitary engineer; Dr. R. White, Placer County health officer; and Albert A. Marino, director of sanitation for Placer County all attended. Paul Chamberlain of Auburn, attorney for the P.U.D. was also present.

Couple Stranded On Squaw Ski Lift

Mr. and Mrs. Clifton Woodland of El Centro are recovering from the effects of a frightening experience which they underwent last Wednesday at Squaw Valley.

The couple was stranded high on Squaw Peak for several hours when the operator of the chair lift shut the equipment down for the day without realizing the Woodlands were up near the peak and 25 feet off the ground.

The Woodlands reported they boarded the lift shortly before 5 p.m. for the scenic ride. They were on the return trip at about 6:45 when the lift stopped between Towers 23 and 24. There they dangled 25 feet in the air until darkness set in. Woodland reportedly made a makeshift rope of his clothing and started to climb down. He fell into the brush and rocks, breaking one elbow and several ribs.

The husband remained unconscious for some time but about midnight revived and made his way to the lodge where he aroused the operator and the lift was again started to bring Mrs. Woodland back to the lodge.

Both Mr. and Mrs. Woodland were treated at the Tahoe Forest Hosptal for shock, exposure and broken bones.

The lift attendant said he believed all parties were off the apparatus and that he closed down for the day, not realizing the couple was stranded far above and out of sight of the lodge.

Yerington Wins First Local Game

by JOHN FIRPO

The Yerington Lions rallied four touchdowns in the last half to come from behind a 6-2 lead and defeat the Tahoe-Truckee Wolverines, 27-13 at Yerington. The game saw five tallies in the second half, four by Yerington and one by Tahoe-Truckee.

The Lions scored first on a safety. When Craig Robinson went back to punt, the snap was over his head and rolled into the end zone where Robinson fell on it.

The Wolverines came back to hit paydirt as Ken Osburn, Wolverine halfback, ran 62 yards for the first Wolverine TD. Neither team scored, and the half ended TNT 6, Yeringotn 2. In the third quarter the Lions broke loose with two touchdowns by ace halfback Jim Munson and took a 14-6 lead.

Trailing by eight points in the last quarter, the Wolverines could rally only one TD while the Lions scored two and the game ended 27-13, Yerington's favor.

Kit Schull was mainstay of the Wolverines during the first half, spending most of the first half in the line while making tackles all over the field and bottling up the Yerington offense as there was no yardage made around Schull's left end. Schull was injured just before the first half ended and he was missed the rest of the game. For his fine night's play Schull was selected outstanding lineman of the game. Dean Holbrook and Floyd Cooper played a fine game also defensively.

The Wolverines top ground gainers for the game were Dean Holbrook and Ken Osburn. Coach Drakulich says: "Mistakes made in the game will be ironed out in practice."

The Wolverines will host South Tahoe Saturday here with game time set for 2 p.m. It will be Tahoe-Truckee's first conference game and the Wolverines are looking for their first victory.

Turning to JV football, they have a comeup with a game with Sparks JV at Sparks. Coach Farley has not yet come up with a starting line, but a probable backfield is likely to be as follows: Halbacks: Sam Medford and Steve Ayala; quarterbacks: Mike Robinson or Stan Stock; and fullbacks: Bill Notley or Randy Shultz.

CARD OF THANKS

I wish to take this means of thanking all who made our Food Bazaar and Rummage Sale such a complete success. I am grateful to all who contributed articles and to those who worked so hard on the sale and also the Sierra Sun for the generous publicity.

Tarzan

by EDGAR RICE BURROUGHS

WHILE DRIFTING ON HIS DISABLED RAFT, TARZAN HOPED FOR RESCUE WHEN HE SIGHTED A STRANGE SHIP.

"MAYBE WE *SHOULD* STOP-- WOT IF 'E WORKS FOR BRUCE BROWN?" SAID THE MATE. CAPTAIN AKBAR SCOWLED, "ALL RIGHT, LIMEY, PICK HIM UP!"

THE SHIP SWUNG BESIDE THE RAFT, AND A ROPE WAS TOSSED DOWN TO TARZAN'S WAITING HANDS.

HE PAUSED BEFORE A GRIM RECEPTION COMMITTEE. RENEGADE CUTTHROATS, RESEMBLING PIRATES OF OLD, GUARDED HIM WITH SWORD AND GUN!

"SPEAK QUICKLY, SWINE!" SNARLED AKBAR. "DO YOU KNOW AN UNBELIEVER NAMED BRUCE BROWN? WHEN IS HIS NEXT SHIPMENT DUE?"

"I KNOW NOTHING!" SAID TARZAN DEFIANTLY. "VERY WELL," SNAPPED THE ARAB, "DISARM AND TIE HIM!"

9-22-1385

AKBAR'S EYES GLITTERED AND HE PICKED UP AN UGLY CAT-O'-NINE-TAILS. "NOW, LET'S SEE IF *THIS* WILL MAKE THE PIG SQUEAL!"

Featuring BATHLESS GROGGINS

by RAEBURN VAN BUREN

BATHLESS HAS STRUCK IT RICH IN OIL—BUT THE REST OF CRABTREE CORNERS HASN'T GOT THE WORD!

A (GASP) MR. BATHLESS GROGGINS TO SEE YOU, MR. HAGSTONE!

MISTER!! THAT'S THE FIRST TIME THAT UNWASHED BUM HAS BEEN DIGNIFIED BY ANY PRINTABLE TITLE IN THIS BANK. THROW HIM OUT!

BUT, SIR, HE SAYS HE WANTS TO MAKE A SIZABLE DEPOSIT HERE!

SIZABLE—HA!! HIS IDEA OF SIZABLE IS A DIME KEEPING COMPANY WITH A NICKEL!

YOU'RE THE (SIGH) BOSS!

AND THE BOSS STILL SAYS—THROW THE PENNILESS BUM OUT OF HERE BEFORE HE KNOCKS THE VENTILATING SYSTEM OUT OF KILTER!!

I'M (CHOKE) SORRY, SIR—BUT MR. HAGSTONE DOESN'T THINK YOUR DEPOSIT WILL MEET OUR MINIMUM REQUIREMENTS!

HE DOESN'T, EH!

CALL THE (GASP) POLICE! WE'RE BEING (GROAN) ROBBED!!

BEFORE I BUILDS MY OWN BANK AN' DRIVES YOU INTA THE STREET, HAGSTONE, I AM WILLIN' T' GIVE YOU A FIGHTIN' CHANCE—

BATHLESS, MY (SHUDDER) FRIEND—CAN'T YOU TAKE A JOKE??

I'M STARTIN' OFF MY ACCOUNT WITH A MILLION, AND ALL I'M ASKIN' OF YOU IS ONE SMALL FAVOR!

ANYTHING—ANYTHING, DEAR COMPANION OF MY YOUTH!

I WANT'S T' BE PRESIDENT O' THIS CRUMMY BANK WITH THE PRIVILEGE O' GIVIN' YOU ORDERS WHICH IF THEY AIN'T CARRIED OUT RESULTS IN YOU BEIN' CARRIED OUT, KEERECT!

K-(CHOKE) KEERECT!!
